

# A Safe Worker Is A Better Worker, And Our Products Prove It

Our PS Safety Access™ product offering is a complete line of safety and fall-protection products that help keep employees safe and increase material handling efficiency. Simply put, our safety products are built to ensure that users get to go home each and every night after their work is done. These gates, hatches and doors provide barriers against the everyday workplace dangers that can injure good personnel and hinder productivity.

## MATERIAL HANDLING SOLUTIONS

### PALLET RACK SAFETY GATE

This safety gate is a self-closing gate system designed to fit existing rack systems. After palletized material is forklifted through the gate and the material conveys away from the opening, the spring-loaded gate self-closes along the racking edge.

Compliant

Personnel Fall Protection

### EDGESAFE™

*Loading Dock Safety Gate*

Reduce the danger of falls from docks, bays or exposed edges with this EdgeSafe™ Gate. This gate operates smoothly, utilizing a slam-proof dampening system (no pinch points).

## EQUIPMENT GUARDING

### EDGESAFE™

*Smart Gate*

A compact version of our flagship EdgeSafe Loading Dock Safety Gate, the customizable Smart Gate can improve safety around walkways, help with crowd control and guard hazardous equipment. It operates smoothly with one hand.

Compliant

Self-Closing

Compliant

Personnel Fall Protection

## MATERIAL HANDLING SOLUTIONS

Compliant

Personnel Fall Protection

### SAFEMEZZ360™

SafeMezz360™ is the all-angles way to protect your team on the mezzanine. This ANSI- and OSHA-compliant fall-protection product creates a foolproof enclosed area that helps keep workers safe. Its slam-proof, cushioned dampening system keeps the gate from dropping on toes and prevents noisy slamming. Includes 4" safety toeboard.

Compliant

Personnel Fall Protection

### SAFEMEZZ™

*Vertical Gate*

Improve material handling efficiency with our vertical mezzanine safety gate. Open the gate to forklift materials to your elevated space and close the gate to protect employees from dangerous workplace falls. Ideal for mezzanines with limited side room and deck space.

Compliant

Personnel Fall Protection

### SAFEMEZZ™

*Horizontal Gate*

Material handling is more efficient with our mezzanine safety gate. Forklift materials to your elevated space and slide the gate closed to protect employees from dangerous workplace falls. This horizontal gate is ideal for mezzanines with limited headroom.

Compliant

Personnel Fall Protection

### SAFEMEZZ™

*Downward Gate*

Once installed on your mezzanine, this gate opens and closes as needed to improve material handling efficiency. This downward gate is ideal for buildings with limited side or headroom and is available with pneumatic/electric or pneumatic/pneumatic operation.

## LADDER FALL PROTECTION

Compliant

Personnel Fall Protection

### LADDER SAFETY GATE

Ladder Safety Gates are ANSI- and OSHA-compliant, self-closing swing gates that help reduce the chances of falls on elevated platforms, mezzanines and ladder ways.

Compliant

Personnel Fall Protection

### PAIRED LADDER SAFETY GATE

This self-closing swing gate provides 42" top- and mid-rail protection, minimizing the chance of a fall on elevated platforms, mezzanines or ladder ways. It's ideal for spaces where there is little room for standard swing gates.

Compliant

Personnel Fall Protection

### FULL HEIGHT LADDER SAFETY GATE

Similar to our Ladder Safety Gate, this full-height version is self-closing to ensure that protection is in place when it is needed most. The Full Height Ladder Safety Gate provides a 42" top rail, mid-rail and 5" safety toeboard for increased personnel protection.

## SAFETY GATE ACCESSORIES

Simple Installation

Strong, Stable Grip

### GRABSAFE®

Increase stability by providing horizontal grab bars for the step-through portion of your fixed ladder. Large grab rungs provide a sturdy grip even with gloved hands.

## SAFETY GATE ACCESSORIES (CONTINUED)

Simple Installation

Personnel Fall Protection

### LADDER SAFETY GATE STAND OFF MOUNTING SYSTEM

This system is an optional railing attachment that creates increased platform space on the mezzanine edge and provides a steadying point on the platform for personnel to utilize when transitioning through the Ladder Safety Gate.

LARGE PIPE ADAPTER BRACKET (LP-2204)

FLAT BAR ADAPTER BRACKET (FB-2205)

ANGLE IRON ADAPTER BRACKET (AC-2206)

### LADDER SAFETY GATE ADAPTER BRACKET

For customers with unique mounting needs, we offer optional Adapter Brackets.

## ROOF HATCH SAFETY

Simple Installation

Strong, Stable Grip

### HATCHGRIP®

HatchGrip® provides ladder extension grips that extend beyond your hatch. These horizontal rungs ensure a firm, stable grip for employees exiting and entering a roof hatch, providing a safe and easy rooftop transition.

Compliant

Strong, Stable Grip

### HATCHSAFE®

HatchSafe® is a full-perimeter self-closing railing system complete with integrated Ladder Safety Gate and HatchGrip® horizontal grab bars. This product provides permanent, four-sided protection designed specifically for your roof hatch opening, ensuring a safe, stable grip for employees entering and exiting the roof hatch.
